

## AMCP Chapter Member of the Year Award Model Selection Criteria Guidelines

Each AMCP Chapter is allowed to develop its own eligibility and selection criteria for this Chapter recognition. The following Model Selection Criteria Guidelines were developed by the AMCP Student Pharmacist Committee to serve as a tool for the Chapter in developing its own Selection Criteria. Once developed by the Chapter, the selection criteria should remain consistent from year-to-year. Selection criteria and scoring forms are not to be sent to AMCP.
